BRYANTOPREACH PEACE IDEA HERE **AGAIN NEXT JULY**

Peerless Commoner to Be Star Attraction for Rock Island Chantauqua July 24 to 29.

ORTAIN OTHER FINE FEATURES dramatic. Full of humor and pathos.

State Senator Helen Ring Robinson, Colorado, and Rabbi A. J. Messing to Be Heard.

With William Jennings Bryan as the star attraction, announcement is today of a tentative program for the Rock Island chautauqua which is to be held July 24 to 29. Just where the assembly will be held has not been determined. The city has offered Long View park, but the site has not been definitely decided.

There is no orator before the American public today who commands the respect that is always accorded Mr. Bryan. Not only because he has been a presidential candidate of his party veral times and has served as secretary of state under President Woodrow Wilson, is he in the public eye, but primarily because he is a remarkable speaker, gifted with the ability to paint wonderful word pictures that are models of pure English. He sways people, regardless of political views, with his matchless eloquence, and the opportunity of hearing him in Rock Island again, especially in view of his peace ideas, will be greatly appreci-Mr. Bryan recently aroused great enthusiasm in his address in Moline before the After-Dinner club.

Other excellent speakers and musical talent of a high order have been secured. Special interest will center in the coming of State Senator Helen Ring Robinson of Colorado. Rev. George W. Wise will be platform man-

Rock Island is affiliated with the Cooperative Chautauqua association, which will put on a number of assembly gatherings throughout this section of the state this year

Mrs. Robert Birkhahn. The death of Mrs. Robert Birkhahn, former resident of Rock Island, occurred at 1 o'clock this morning at her home in Mount Joy, Iowa, just outside of Davenport. Mrs. Birkhahn had been ailing for several years with a com-plication of diseases. Her condition became critical about two weeks ago and she had been confined to her bed since.

Her maiden name was Paulina Koepke. She was born in West Prussia, Germany, May 10, 1856. When 16 years of age she emigrated to America, coming direct to Rock Island. She was twice married. Her first union was with Edward Kakeri in Rock Island 43 years ago. He passed away 15 years ago. In 1902 she was married to Robert Birkhahn. The then moved to Mount Joy, where Mr. Birkhahn engaged in farming. Mr. Birkhahn also operated a blacksmith shop there for a number of years.

Mrs. Birkhahn was one of the oldest members of Mayflower camp, Royal Neighbors, of Rock Island. Besides her husband she leaves two sons, Edward Kakert of Davenport and Herman Kakert of Rock Island, and following stepchildren: Hugo and Robert Birkhahn, of Rock Is-land: Frank Birkhahn, Davenport: William Birkhahn, Detroit, Mrs. Ella Schnelldecker, Illinois City, and Mrs. Bertha Noack, Davenport, Two brothers. Emil and Theodore Koepke. Wisconsin, and a sister, Mrs. William Stroshine, Oshkosh, Wis.

Funeral arrangements have not been made, but burial will be in Chippiannock cemetery, Rock Island.

ARSENAL MEN TO **GET AN INCREASE**

Secretary of Labor Announces Wages Paid to Chicago Machinists Will Be Considered.

N. P. Alifas, Legislative Agent for Union, Promises to Notify Tradesmen of Result of Conference.

(By Associated Press.) Washington, May 22.—Secretary of War Baker said today that up-on reconsideration Secretary Wilson of the department of labor has recommended that wages of Chicago machinists be considered in readjusting wages of Rock Island, Ill., war department arsenal employes. Such action had been requested by the arsenal workmen and will result in material pay increases. An earlier decision had excluded the Chicago scale from consideration. General Crozier, chief of ordnance, is expected to soon announce the new arsenal schedules.

Further consideration of a walkout at Rock Island arsenal, it was beleved today, will be terminated when General Crozier makes formal announcement of the wage increase to be couple resided here for a year and paid to tool makers, machinists and

A telegram from N. P. Alifas, legis lative agent for the machinists' union in Washington, was expected today by the workmen. Upon this telegram, it was announced, would depend what action the men would take tomorrow. A week ago they postponed a walkout until tomorrow at 10, indicating that unless a satisfactory adjustment was made they would strike.

The point at issue between the government and the employes has been whether wages of Chicago machinists were to be considered in fixing the price paid to arsenal workmen.

Bulletin No. 1

A Mistake in the Policy of the Bethlehem Steel Company

To the People:

The Senate of the United States has passed a bill to spend \$11,000,000 of the People's money to build a government armor plant. The measure is now before the House of Representatives.

It is said that manufacturers of armor have "gouged" the country in the past, and that a government plant is necessary to secure armor more cheaply

The mistake of the Bethlehem Steel Company has been that it has kept quiet. We have allowed irresponsible assertions to be made for so long without denial, that many people now believe them to be proven facts.

We shall make the mistake of silence no longer. Henceforth we shall pursue a policy of publicity. Misinformation will not be permitted to go un-

It is and has been the policy of our Company to deal with the American Government fairly and squarely.

We shall henceforth place the details of our relations with the Government before the American People, The United States has for twenty years obtained the highest grade of armor and has paid a lower

price for it than has any other great naval power. Figures officially compiled for the Senate Committee on Naval Affairs from the Naval Year Book show that under conditions prevailing just before the European war, the chief naval powers of the world were paying these prices for armor:

England, \$503 per ton; France \$460; Germany, \$490; Japan, \$490; UNITED STATES, \$425.

A government plant cannot make armor any cheaper than we can do it; and-We are prepared to manufacture armor at any price which the Government itself shall name as fair. THAT BEING SO, SHOULD \$11,000,000 OF THE PEOPLE'S MONEY BE WASTED TO BUILD A GOV.

ERNMENT PLANT? CHAS, M. SCHWAB, Chairman, EUGENE G. GRACE, President.

Bethlehem Steel Company.
